Recruit CLA Students

**Register on GoldPASS**
GoldPASS is the University of Minnesota’s job posting system where you can post employment opportunities, collect resumes, register for events, schedule on-campus interviews, be a professional resource to students, and more [goldpass.umn.edu](http://goldpass.umn.edu).

**Interview on Campus**
Schedule a date to interview on campus for your full-time and internship opportunities. To request a date, submit a schedule request through the ‘Interview On Campus’ section of GoldPASS.

**Attend Recruiting Events**
Looking to meet hundreds of CLA students and build your brand quickly? Be sure to attend fall and spring recruiting events. Find these in the ‘Career Fairs/Events’ section of GoldPASS.

**Meet Students On Campus**
Host an information session or drop-in hours. We can suggest space for your event and help you develop targeted outreach prior to coming on campus.

**Build Your Brand**

**Plan a Networking Event**
Inviting students to an organization-sponsored networking event is a great way to build buzz on campus. Speak with an Employer Relations representative about your goals and interests. We can help you make it happen!

**Host a Site Visit**
Invite a group of CLA students to your organization for a tour, presentation, and networking with your employees. This is an excellent way to meet students and discuss the value of a liberal arts degree.

**Connect with Student Organizations**
The U of M has hundreds of student organizations. Contact these clubs to learn about opportunities for partnering [sua.umn.edu](http://sua.umn.edu).

**Volunteer on Campus**
Many volunteer opportunities exist through our office, such as practice interviews, employer panels, and more. We have many opportunities for you to engage with students.

**Stay In Touch**
The best way to build your visibility in CLA is to regularly connect with students in a variety of ways. Contact us today to discuss how you want to get involved.

**CLA At A Glance**
- 13,676 Undergraduate Students
- 46% of all University of Minnesota Twin Cities undergraduate students
- 65+ majors and 70+ minors
